Children in Custody and Adoption Joining Molina Healthcare

Information for primary care and home health providers in the Medicaid network

ODM will transition children in custody and adoption to managed care statewide effective Jan. 1.

New members will have a 90-day transition of care (TOC) period and Molina Healthcare will honor prior authorizations for services like:

- Durable medical equipment
- Prescription medications
- Surgeries
- Chemotherapy and radiation
- Home health services
- Transplant services

Molina Healthcare will collaborate with parents, foster families and caseworkers from Public Children Services Agencies (PCSAs) to reduce gaps in care and duplicative services. We will also help members and their caregivers navigate plan benefits and access community resources.

To ensure a successful transition, ODM is conducting a pilot program starting Nov. 1. Clark, Fairfield, Franklin, Lorain, Medina, Richland and Summit counties will be participating in the pilot.
