

TEXAS
Health and Human
Services

HHS wants to hear from long-term services and supports providers!

Your feedback will help identify ways HHS can strengthen the No Wrong Door (NWD) system, a streamlined and coordinated system to help Texans access long-term services and supports (LTSS) in the community.

We want to hear about your experiences providing LTSS in the community to help us identify how to improve the NWD system.

Specifically, we'd like to learn:

- How clients learn about your services.
- How clients are referred to you and where the referrals come from.
- Where you refer clients seeking additional LTSS you don't provide.
- Anything else you'd like to share about your experiences providing LTSS in the community.

**NWD System of
Access Listening
Session**

El Paso

**Wednesday, April 12,
1:30–5 p.m.**

El Paso Community College

Administrative Services Center- EPCC ASC

9050 Viscount Blvd., El Paso, TX 79925
