

# Provider Notice-Updated 11/15/2022

**Effective immediately, submit your Medicaid secondary claims directly to Molina through the end of December 2022.**

Currently, the CMS Medicare cross over process for Medicaid secondary claims to Molina VA is not active due to transition delays. Molina is working with CMS to get this exchange back online by the end of December 2022. Meanwhile, Molina is requiring providers to submit their secondary claims directly to Molina either electronically, on paper, or through Molina's provider portal with the appropriate EOB payment details for secondary claim reimbursement, if appropriate. Molina will send providers a new notification when the exchange is back online.

Please contact Molina Provider Service Representative at [MCCVA-Provider@molinahealthcare.com](mailto:MCCVA-Provider@molinahealthcare.com) with any questions.
