## Upcoming Quarterly Updates to the Prior Authorization Matrix

We want to inform our providers about important upcoming changes that will further streamline administrative tasks and support the health outcomes of our members. Our team is dedicated to the ongoing refinement of our Prior Authorization (PA) processes. To this end, the Prior Authorization Governance Committee is set to review and update our PA matrix every quarter. Any changes, including both additions and removals of codes from the current authorization matrix for the next quarter, will be posted on [molinahealthcare.com](https://molinahealthcare.com) under the **Claims & Authorizations** tab, at least **60** days prior to the start of the new quarter. This will ensure that you have ample time to prepare.

Please continue using our **Code LookUp Tool** to confirm prior authorization requirements before submitting a service authorization request.
