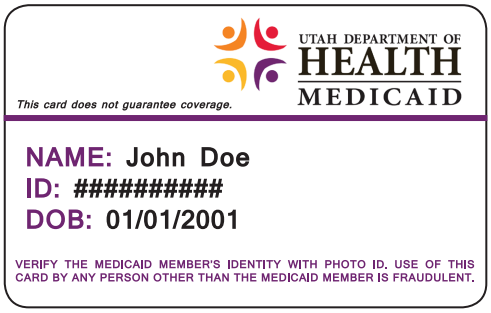
Each Medicaid member will get a Utah Department of Health Medicaid Member Card. You will use this card whenever you are eligible for Medicaid. You should show your Utah Medicaid Member Card before you receive services or get a prescription filled. Always make sure that the provider accepts your Medicaid plan or you may have to pay for the service.

A list of covered services is found on page 21.

What does my Utah Medicaid Member Card look like?

The Utah Medicaid Member Card is wallet-sized and will have the member's name, Medicaid ID number and date of birth on the card. Your Utah Medicaid Member Card will look like this:



DO NOT lose or damage your card or give it to anyone else to use. If you lose or damage your Utah Medicaid ID card, call the Department of Workforce Services (DWS) at (866) 435-7414 to get a new card.

FINDING A PROVIDER

What is a primary care provider?

A primary care provider (PCP) is a doctor that you see for most of your health care needs and provides your day-to-day health care. Your PCP knows you and your medical history. With a PCP, your medical needs will be managed from one place. It is a good idea to have a PCP because they will work with us to make sure that you get the care that you need.

How do I choose a primary care provider?

You will need to choose a PCP from our provider directory available online at MolinaHealthcare.com or you can call Member Services for help. Once you have chosen a PCP, you will need to contact Member Services and let them know. Call Member Services if you need help choosing a PCP. If you have a special health care need, one of our care managers will help you choose a PCP. To talk to a care manager about choosing a PCP, call (888) 483-0760.

How can I change my primary care provider?

Call Member Services at (888) 483-0760 if you want to change your PCP. You may also change your PCP by logging into the MyMolina.com member portal.

COPAYMENTS, COPAYS AND COST SHARING

You may have to pay a copay if you:

- See a doctor
- Go to the hospital for outpatient care
- Have a planned hospital stay
- Use the emergency room when it is not an emergency
- Get a prescription drug

COPAY AMOUNT CHART

Copayments (copays) are the same for Traditional and Non-Traditional Medicaid members. Your copay amounts are listed in the chart below.

Emergency room (ER)	$8 copay for non-emergency use of the ER
Inpatient hospital	$75 copay per inpatient hospital stay
Pharmacy	$4 copay per prescription, up to $20 per month
Physician visits, podiatrist and outpatient hospital services	$4 copay, up to $100 per year combined (including ophthalmologists)

What is an out-of-pocket maximum?

Medicaid has a limit on how much you have to pay in copays. This is called an out-of-pocket maximum and applies to specific types of service and for specific time periods.

What happens when I reach my out-of-pocket maximum?

Make sure you save your receipts every time you pay your copay. Once you reach your out-of-pocket maximum, contact Medicaid at (866) 608-9422 to help you through the process.

What should I do if I get a medical bill?

If you get a bill for services that you believe should be covered by Medicaid, call Molina Medicaid Integrated Care Member Services for assistance. Do not pay a bill until you talk to Molina Medicaid Integrated Care Member Services. You might not be reimbursed if you pay a bill on your own.

You may have to pay a medical bill if:

- You agree (in writing) to get specific care or services not covered by Medicaid before you get the service.
- You ask for and get services that are not covered during an appeal or Medicaid State Fair Hearing. You only pay for the services if the decision is not in your favor.

Some services must be approved before Molina Medicaid Integrated Care will pay for them. Approval from Molina is called prior authorization. Please call our Member Services at (888) 483-0760 if you have any questions. Most covered services are available to you without prior authorization. You do not need a referral to see a Molina specialist. However, you can see a specialist sooner if you doctor sends you to one. You or your doctor must let Molina know before you get certain types of care. Otherwise, your benefits may be reduced or denied. Prior authorization is needed for:

- Hospital/outpatient stay (non-emergency)
- Surgery
- Some office procedures
- Some x-rays and lab tests
- Home health care
- Medical equipment and supplies
- Long term care (nursing home or rehab)

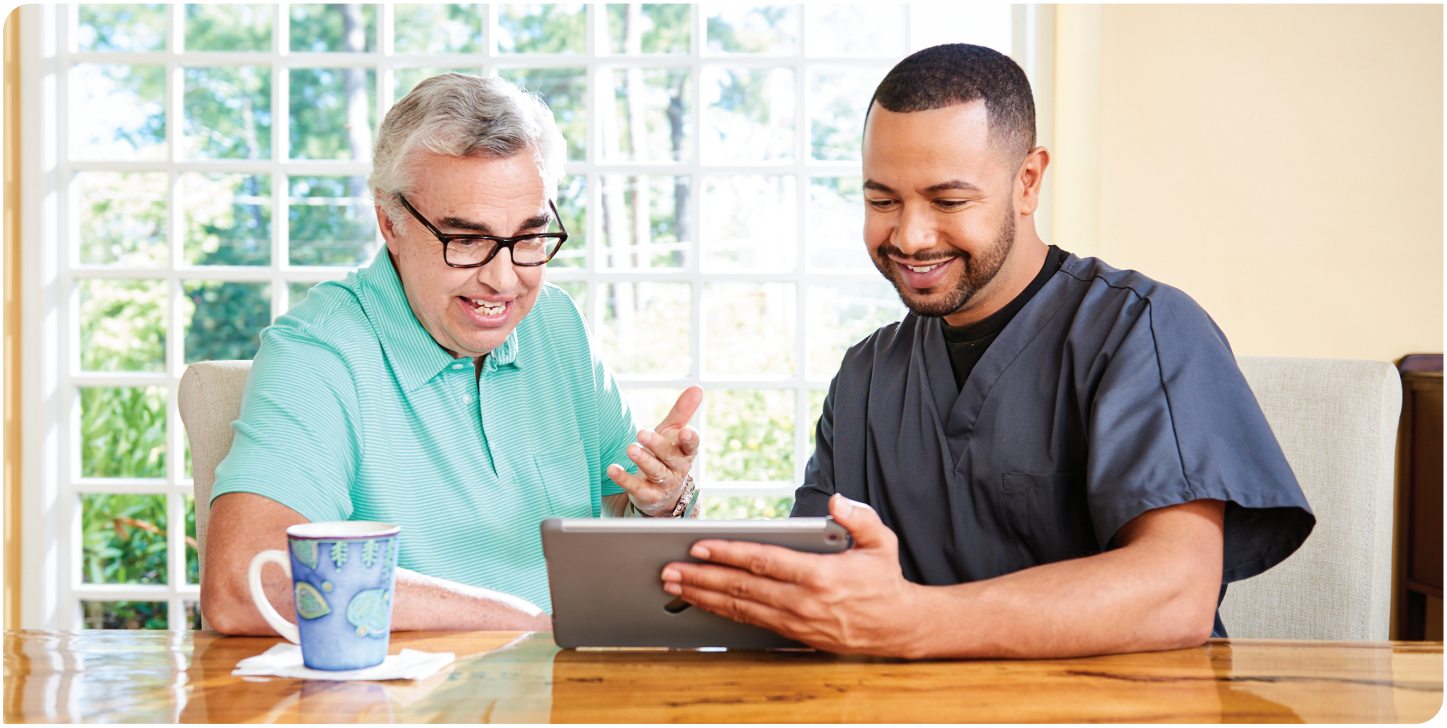
It is your doctor's job to call for these approvals before you get any of these services. It is your job to ask your doctor if he or she has gotten authorization from Molina.

Usually, we decide about approving a service within 14 calendar days after we receive the request. Sometimes you or your doctor might think it is important to decide quickly about approving the service. If so, we will try to decide within three working days. We will notify your doctor about our decision. If the request for service is not approved by Molina we will send you a letter. For a complete list of covered services that do and do not require prior authorization, you may also visit MolinaHealthcare.com or call Member Services.

RESTRICTION PROGRAM

What does it mean to be in the Restriction Program?

Medicaid members who need help in properly using health care services may be enrolled in the Restriction Program. Members in the



Restriction Program are limited to one main doctor and one main pharmacy. All medical services and prescriptions must be approved or coordinated by the member's main doctor. All prescriptions must be filled by the member's main pharmacy. Ongoing use of health care services is reviewed often.

Examples of improper use of services include:
- Using the emergency room for routine care
- Seeing too many doctors
- Filling too many prescriptions for pain medications
- Getting controlled or abuse potential drugs from more than one prescriber

We will contact you if we notice you are improperly using services.

OTHER INSURANCE

What if I have other health insurance?

Some members have other health in addition to Medicaid. Your other insurance is called primary insurance.

If you have other insurance, your primary insurance will pay first. Please bring all of your health insurance cards with you to your provider visits.

Other health insurance may affect the amount you need to pay. You may need to pay your copay at the time of service.

Please tell your doctor and us if you have other health insurance. You must also tell the Office of Recovery Services (ORS) about any other health insurance you may have. Call ORS at (801) 536-8798. This helps Medicaid and your providers know who should pay your bills. This information will not change the services you receive.

ADVANCE DIRECTIVE

What is an advance directive?

An advance directive is a legal document that allows you to make choices about your health care ahead of time. There may be a time when you are too sick to make decisions for yourself. An advance directive will make your wishes known if you cannot do it yourself.

There are four types of advance directives:.
- Living will (end of life care)
- Medical power of Attorney
- Mental health power of attorney
- Pre-hospital medical care directive (do not resuscitate)

Living will: A living will is a document that tells doctors what types of service you do or do not want if you become very sick and near death, and cannot make decisions for yourself.

Medical power of attorney: A medical power of attorney is a document that lets you choose a person to make decisions about your health care when you cannot do it yourself.

Mental health power of attorney: A mental health power of attorney names a person to make decisions about your mental health care in case you cannot make decisions on your own.

Pre-hospital medical care directive: A pre-hospital medical care directive tells providers if you do not want certain lifesaving emergency care that you would get outside a hospital or in a hospital emergency room. It might also include care provided by other emergency response providers, such as firefighters or police officers. You must complete a special orange form. You should keep the completed orange form where it can be seen.

To find out more information on how to create one of the Advance Directives, please go to: MolinaHealthcare.com or call (888) 483-0760

APPEALS AND GRIEVANCES

What is an adverse benefit determination?

An adverse benefit determination is when we:

- Deny payment or pay less for services that were provided.
- Deny a service or approve less than you or your provider asked for.
- Lower the number of services we had approved or end a service that we had approved.
- Deny payment for a covered service.

FRAUD, WASTE, AND ABUSE

What is health care fraud, waste, and abuse?

Doing something wrong related to Medicaid could be fraud, waste, or abuse. We want to make sure that your health care dollars are used the right way. Fraud, waste, and abuse can make health care more expensive for everyone.

Let us know if you think a health care provider or a person getting Medicaid is doing something wrong.

Some examples of fraud, waste, and abuse are:

By a Member

- Letting someone use your Medicaid Member Card
- Changing the amount or number of refills on a prescription
- Lying to receive medical or pharmacy services

By a Provider

- Billing for services or supplies that have not been provided
- Overcharging a Medicaid member for covered services
- Not reporting a patient's misuse of a Medicaid Member Card

TRANSPORTATION SERVICES

How do I get to the hospital in an emergency?

If you have a serious medical problem and it is not safe to drive to the emergency room, call 911. Utah Medicaid covers emergency medical transportation.

How do I get to the doctor when it is not an emergency and I cannot drive?

Medicaid can help you get to the doctor when it is not an emergency. To get this kind of help you must:

- Have Traditional Medicaid on the date the transportation is needed
- Have a medical reason for the transportation
- Call the Department of Workforce Services (DWS) (800) 662-9651 to find out if you can get help with transportation

What type of transportation is covered under my Medicaid?

- **UTA Bus Pass, including Trax** (Front Runner and Express Bus Routes are not included): If you are able to ride a bus, call DWS to ask if your Medicaid program covers a bus pass. The pass will come in the mail. Show your Medicaid Member Card and bus pass to the driver
- **UTA Flextrans:** Special bus services for Medicaid clients who live in Davis, Salt Lake, Utah and Weber counties. You may use Flextrans if:
  - You are not physically or mentally able to use a regular bus
  - You have filled out a UTA application form to let them know you have a disability that

makes it so you cannot ride a regular bus. You can get the form by calling:
  - Salt Lake and Davis counties: (801) 287-7433
  - Davis, Weber and Box Elder counties 1-877-882-7272 (877) 882-7272
  - You have been approved to use special bus services and have a Special Medical Transportation Card
- **Modivcare (formerly LogistiCare):** Non-emergency door-to-door service for medical appointments and urgent care. You may be eligible for Modivcare if:
  - There is not a working vehicle in your household
  - Your physical disabilities make it so you are not able to ride a UTA bus or Flextrans
  - Your doctor has completed a LogistiCare form

When approved, you can arrange for this service by calling Modivcare (formerly LogistiCare) at: (855) 563-4403. You must make reservations with Modivcare three business days before your appointment. Urgent care does not require a three-day reservation. Modivcare will call your doctor to make sure the problem was urgent. Eligible members will be able to receive services from Modivcare statewide.

Can I get help if I have to drive long distances?

- **Mileage refund:** Talk to a DWS worker if you have questions about a mileage refund. You will only be refunded if there is NOT a cheaper way for you to get to your doctor. Check with a DWS worker to see about mileage refund for EPSDT well-child medical and dental visits.

- Families with a child should check with a DWS worker to see about mileage refund for EPSDT well-child medical and dental visits.

- **Overnight Costs:** In some cases, when overnight stays are needed to get medical treatment, Medicaid may pay for overnight costs. The cost includes lodging and food. Overnight costs are rarely paid in advance. Contact a DWS worker to find out what overnight costs may be covered by your Medicaid program.

Can I get a service that is not on this list?

Generally, Medicaid does not pay for non-covered services. However, there are some exceptions:

- Reconstructive procedures following disfigurement caused by trauma or medically necessary surgery
- Reconstructive procedures to correct serious functional impairments (for example, inability to swallow)
- When performing the procedure is more cost effective for the Medicaid program than other alternatives
- Members who qualify for EPSDT may obtain services which are medically necessary but are not typically covered

If you would like to request an exception for a non-covered service, you can make that request by working with your provider.

What if I change health plans?

We will work with your new health plan to make sure you get the services that you need. We follow Medicaid's guidelines on how to do this. These guidelines are called transition of care guidelines. They can be found at https://medicaid.utah.gov/managed-care/
