### MCG Cite AutoAuth Launching for Marketplace on February 16, 2022

Molina Healthcare of Illinois (Molina) is pleased to introduce a new self-service method for in-network providers serving our Marketplace line of business to submit advanced imaging Prior Authorization requests beginning February 16, 2022.

This system can be accessed via the Provider Portal and will be available 24/7 year-round. This method of submission will be an alternative to the existing fax/phone/email process. Clinical information will be reviewed upon submission. If an answer is not accepted, the provider will need to submit the PA request via the existing processes.

This system will provide more efficient processing of your authorization request, and the status of the authorization will be available immediately upon completion of your submission.

**Note**: This service will be available **only** for **Marketplace** advanced imaging Prior Authorization requests.
