

# Just the Fax

A fax bulletin from Molina Healthcare of Michigan (MHM) March 31, 2022

## **Molina Expands Pharmacy Benefit Coverage for Continuous Glucose Monitors and Supplies** (Medicaid and Marketplace)

Molina Healthcare of Michigan would like to alert providers that Molina Healthcare of Michigan provides coverage of therapeutic continuous glucose monitoring (CGM) systems (DexCom G5®, Dexcom G6® and Freestyle Libre) under the pharmacy benefits for eligible members.

Simply provide the member, member's pharmacy, or mail-order pharmacy a prescription. As a reminder, please ensure the prescription includes all components of the CGM - sensor, transmitter, and reader as applicable. Members will pay their preferred brand copay or coinsurance per the member's explanation of coverage pharmacy benefit (as applicable).

We recommend speaking to your eligible patients about the potential cost savings and convenience for ordering the Dexcom G5, Dexcom G6 or Abbott FreeStyle Libre through their participating local pharmacy or mail-order pharmacy.

Please note that prior authorization is required and requests should be faxed to Molina Healthcare Pharmacy Services at: (855) 571-3011.

**Thank you for serving Molina members!**
