FOR ANY PA CHANGES DUE TO REGULATORY GUIDANCE RELATED TO COVID 19 – PLEASE SEE PROVIDER NOTIFICATIONS AND MOST CURRENT INFORMATION ON THE PROVIDER PORTAL We attempt to provide the most current and accurate information on this PA Matrix. Obtaining authorization does not guarantee payment. The plan retains the right to review benefit limitations and exclusions, beneficiary eligibility on the date of the service, correct coding, billing practices and whether the service was provided in the most appropriate and cost-effective setting of care. If there is a question that Prior Authorization is needed, please refer to your Provider Manual or submit a PA Request Form. This Matrix is for Outpatient services. All NON-PAR Providers require authorization regardless of services provided or codes submitted, except for Emergency Services, as delineated in the Prior Authorization guides, or as required by law. Molina Clinical Services completes Utilization Management for certain Healthcare Administered Drugs. For any drugs on the prior authorization list that use a temporary C code or other temporary HCPCS code that is not unique to a specific drug, which are later assigned a new HCPCS code, will still require prior authorization for such drug even after it has been assigned a new HCPCS code, until otherwise noted in the Prior Authorization list.		
General Provisions: >Some services listed may not be covered by SC Medicaid or CMS >The absence of a code from this list should NOT be used to determine whether a service is covered or not by Medicaid or Marketplace. Refer to your regulatory agency for benefit coverage and non-covered codes. >Obtaining authorization does NOT guarantee benefits. The SC Plan retains the right to review benefit limitations and exclusions, beneficiary eligibility on the date of service, correct coding , billing practices and whether the service was provided in the most appropriate and cost-effective setting of care.

> Healthcare Administered Drugs ("Buy-and-Bill"): : Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program.
